Stephen / Albert,

- There have been no changes at the Grand View facility (treatment or storage areas) today.
- Staff on site include Ken Knibbs and Securitas providing 24 hour gate coverage.
- As of this afternoon, conditions are sunny with little to no wind.
- Zero precipitation.
- Rope boundaries and “authorized personnel” signage have been placed around the perimeter of the restricted area – temporary caution tape removed.

Management staff will be back onsite tomorrow.

Thanks,

Ken Knibbs

Stephen / Albert,

- There have been no changes at the Grand View facility today.
- Staff on site include Jason Evens and Securitas providing 24 hour gate coverage.
- As of late morning, conditions are sunny with light winds from the South.
- Additional precipitation measured in at 0.06 – so total in rain gauge over past 48 hrs. is .12”
- No impact observed today from rain anywhere on site including waste inventory.

I will be on site for next few hours if I can do anything for you.

Ken Knibbs will be on site on 11/25.

Ken Knibbs – 361-510-4796

Stephen – There has been no change to the status of anything at the Grand View facility today. All staff are departing from the site now. They measured 0.06” of rain today from approximately 9:00 to 1:00 and there was no impact to any of the isolated area. There were no activities inside of the isolated area. A few staff conducted permit inspections in areas unaffected by the incident.

Securitas will continue 24 hour coverage at the front gate.

Tomorrow, Saturday November 24th, Jason Evens will be on site during the day to observe conditions.

Jason's cell phone is (b) (6)

Thanks.

TG
